

COVID-19 NOTICE - UPDATE

5th JANUARY 2021

STEARN IS FULLY OPERATIONAL & SAFE

Collection and Delivery

We would like to reassure all Stearn customers and suppliers that all of our branches are fully operational and ready to support you.

Keeping Safe

The company is observing all Government and Public Health Authorities directives on safe working practices, and not least, we are taking the health and wellbeing of our customers, staff and suppliers extremely seriously.

Support Social Distancing

Social distancing and hygiene measures are being strictly adhered to and procedures are in place at all locations for the safe, contactless receipt or handover of all goods.

Visitors – Office Visits ‘Temporarily Suspended’

Whilst we are fully open and set to receive planned visitors safely, the latest announcements suggest it would be prudent to temporarily suspend office based visits to all our businesses.

By using our ‘Find Us’ page, you are very welcome to contact each location to establish their local Covid-19 protocols.

Customer collections are unaffected!

Keep Informed

Make sure your personal or business E-mail address is logged with your local Stearn location.

Alternatively, please keep an eye on this page for any updates and support processes we may be putting in place.

KEEP SAFE!
