GET CONNECTED TO OUR
WIFI CONTROLLED
HEATING SOLUTION

Our FREE Consort Connect app lets you control your heating from wherever you are.

GET IT ON
Google Play

Download on the
App Store

See our full WiFi enabled product range on page 176.

Complete control via smartphone/ tablet.

No hub required. Heaters connect directly to WiFi.

All SL Consort heaters can be controlled by the app via SLPBWIFI* wireless controller.

4 Modes - Frost, Automatic, Manual and Boost.

Open window detection.

Occupancy sensor & self-learning Automatic mode (only available in 'MW' heaters and SLPBWIFI).

View energy usage of all connected heaters in the last day, week, month and year.

*The SLPBWIFI wireless controller connects to Consort Connect app which provides the programming and energy saving features, including Boost.

smart rooms with **Wiser**™

Introducing Wiser, the beautifully simple multi-zone heating system from Drayton.

What makes Wiser wiser?
- Buildable multi-zoning
- 3 Channels, 16 rooms, 32 devices
- 20 Minute install on industry standard wallplate
- Suitable for 99% of all UK boilers
- Works with Amazon Alexa, the Google Assistant & IFTTT

The **Wiser**™ options

Life Is On | **Drayton** by **Schneider** Electric

Wiser Thermostat Kit 1
Class VII 3.5%

One channel thermostat pack ideal for combi-boilers. Enables you to control heating via the Wiser Heat app.

Cat No.
WT714R9K0902

Wiser Thermostat Kit 2
Class VII 3.5%

Two channel thermostat pack ideal for conventional systems. Enables you to control heating and hot water via the Wiser Heat app. Wire in existing cylinder thermostat for hot water control.

Cat No.
WT724R9K0902

Wiser Thermostat Kit 3
Class VII 3.5%

Three channel thermostat pack ideal for properties with two heating zones. Enables you to control heating and hot water via the Wiser Heat app. Wire in existing cylinder thermostat for hot water control.

Cat No.
WT734R9K0902

Wiser Multi-zone Kit 1
Class VIII / VII 5% / 3.5%

One channel thermostat system with two radiator thermostats to start zoning your system. Suitable for combination boilers. Control the room thermostat and radiator thermostats via the Wiser Heat app. Add more radiator valves to create more independent zones.

Cat No.
WV714R9K0902

Wiser Multi-zone Kit 2
Class VIII / VII 5% / 3.5%

Two channel thermostat system with two radiator thermostats to start zoning your system. Suitable for conventional boilers. Set schedules for the room thermostat, radiator thermostats and hot water via the Wiser Heat app. Add more radiator valves to create more independent zones.

Cat No.
WV724R9K0902

Expand your Smart Home

Expand your Wiser system with additional radiator thermostats to create smart rooms.

Cat No.
WV704R0A0902

Use the Wiser Plug to schedule your home electrical appliances from the Wiser Heat app.

Cat No.
WB704H1A0902

*ErP Class varies depending on boiler type. ErP shown refers to either a Modulating Boiler or an On/Off Boiler.

Edel Hot Water Heat Pump

An electric water cylinder which uses ducted ambient air to renewably provide domestic hot water

Up to 300% Efficiency

The Edel heat pump consumes three times less electricity than standard electric water heaters

Quiet Operation

Very quiet operation due to sound proof hood, variable speed fan and a high performance rotary compressor mounted on anti-vibration pads

Compact Size

Compact unit with 630mm diameter with options of 170L, 200L or 270L storage

Five Year Guarantee

5

Stainless steel tank with five year UK guarantee and no requirement for a sacrificial anode

PV Solar
Straight Connectors

PV Solar Straight connectors EMPV4N and EMPV10N with plug and socket design are constructed using flame retardant engineering thermoplasic suitable for exposure to UV rays and for application in PV power generation system.

EMPV4N	
Voltage	1500V DC
Current	25/45/54A
Cable Size	2.5/4/6mm²
IP Rating	IP68
With NEC Interlock	

EMPV10N	
Voltage	1500V DC
Current	70A
Cable Size	10mm²
IP Rating	IP68
With NEC Interlock	

These connectors incorporate a flexible water tight sealing conforming to IP68 and are supplied as 'male (plug)' and 'female (socket)' types to minimize the chance of wrong connections. For proper assembly of individual male and female connectors and for proper functioning of the mated pair, it is necessary that solar cables used are TUV certified as per standard EN 50618/IEC 62930. Straight connectors are certified for PV Solar Cables 2.5, 4.0, 6.0 and 10.0mm² size.

Full selection of connectors also available

Get the latest in EV Charging with our Smart EV Charger

Are you looking for EV Chargers that are easy to install, meet regulations and smart?

Designed with cutting edge technology, deta.e EV chargers offer smart, safe and secure EV charging solutions for residential (single dwelling and communal) and commercial (workplace and public) parking.

eVoom

The compact **deta.e domestic EV charger** is suitable for residential single dwellings and can be used for most electric and hybrid plug-in vehicles.

- Easy Installation
- RFID
- PEN Protection
- Black Casing
- 7.4kW Single Phase
- Software Updates via Wi-Fi
- 5-Year Warranty
- Free to download user app
- Type 2 Socket
- Part No **EVC7007**

eVoomXT

The **deta.e communal EV charger** is a multi-user smart charger designed for communal residential and commercial EV charging (workplace, retail parks).

- Easy Installation
- RFID
- PEN Protection
- Black Casing
- Type 2 Socket
- 7.4kW Single Phase/22kW Three Phase 32A
- Optional intelligent battery diagnostics for longer life
- Load management & phase balancing options available
- Free to download user app
- Part no **EVC7005**

Become a Certified Installer – Free Online Course!

Sign up for training on our deta.e chargers and become a certified, approved installer. You will benefit from the full warranty offered and can be signed up to the deta.e reward scheme.

APEX-7S-T-4G

- Type 2 Socket
- Pro Earth Pen Fault Protection
- Intelligent Solar
- 5 Year Warranty*
- Free Mobile App
- Intelligent Dynamic Load Balancing

*Subject to terms and conditions

7kW & 22kW Dual Wall AC Charger

The EVA-07D-SE-W (single phase) and EVA-22D-SE-W (three phase) are wall mounted AC dual charging stations, which can also be post mounted where required.

These dual floor chargers are packed full of features, and perfect for commercial environments.

Cat No.
EVA-07D-SE-W
EVA-22D-SE-W

- Type 2 x2 Sockets
- Dual Gun Pro Earth
- Cable Lock System
- 5 Year Warranty
- RFID Control
- Mid Metering Capabilities
- Free Mobile App
- Dynamic Load Balancing

7kW & 22kW Dual Floor AC Charger

The EVA-07D-SE-RFID (single phase) and EVA-22D-SE-RFID (three phase) are floor mounted AC dual charging stations.

These dual floor chargers are packed full of features, and perfect for commercial environments.

Cat No.
EVA-07D-SE-RFID
EVA-22D-SE-RFID

- Type 2 x2 Sockets
- Dual Gun Pro Earth
- Cable Lock System
- 5 Year Warranty
- RFID Control
- Mid Metering Capabilities
- Free Mobile App

20kW DC Charger

The EVD-20S-P is a three-phase, commercial DC charging unit, featuring a single CCS gun.

These chargers are packed full of features, and perfect for commercial environments.

Cat No.
EVD-20S-P

- CCS Connector
- Rapid Charging
- 18th Edition Compliant
- 5 Year/30,000 Hour Warranty
- RFID Control
- IP54 Protection

40kW DC Charger

The EVD-40S-P and EVD-40D-P-CC are three-phase, commercial DC charging units, featuring both single and dual gun ev charger variants.

These chargers are packed full of features, and perfect for commercial environments.

Cat No.
EVD-40S-P
EVD-40D-P-CC

- CCS Connector
- Rapid Charging
- 18th Edition Compliant
- 5 Year/30,000 Hour Warranty
- RFID Control

80L Air Sourced Hot Water Cylinder

Heating your water alongside infrared technology or GCH, opt for our sleek, smart electric powered hot water cylinder.

The 80L cylinder is ideal for 1-2 bedroom properties, with the exception of having a bath installed.

The 80L cylinder is easy to install by any standard plumber, and has a warranty of 5 years (with a protection of 1 year for electronics).

With a fast heat up time, multiple mode control, legionella protection, and an ERP rating of A+, the 80L cylinder has all the features needed to assist in significantly reducing the properties energy bills.

- 80L Capacity
- Fast Heat Up Time
- Range of Modes
- High Performance
- 5 Year Warranty
- ERP Rating: A+
- Reduces Energy Bills
- Easy To Install

Cat No.

CURV-HP80M5

150L Air Sourced Hot Water Cylinder

Heating your water alongside infrared technology or GCH, opt for our sleek, smart electric powered hot water cylinder.

The 150L cylinder is ideal for 2-3 bedroom properties.

The 150L cylinder is easy to install by any standard plumber, and has a warranty of 5 years (with a protection of 1 year for electronics).

With a fast heat up time, multiple mode control, legionella protection, and an ERP rating of A+, the 150L cylinder has all the features needed to assist in significantly reducing the properties energy bills.

PureDrive Energy is a game-changer for homeowners

PureDrive Energy home battery system offers a groundbreaking innovation in the field of home battery solutions. With unrivalled performance and unparalleled technical and customer support in the UK.

PUREDRIVE BATTERY

- 10,000 cycles - longest lasting, best value
- 1C rated - fastest charging, maximum savings
- 5kWh, 90% DoD
- Easy to install
- Modular, can stack up to 5 units, making 25kWh
- IP65 rated - indoor and outdoor
- Auto Balancing
- Integrated breaker

PUREDRIVE EV CHARGER

- Superior Quality Design Built to Last
- IP65 - No need to stress about the location of the installation
- IK10 - can withstand severe impact
- U0 is the gold standard for fire retardancy
- OZEV Approved 3-Year Warranty - meets the highest UK government standards

PURASystem™ SMART APP

BATTERY
- Automatic operation of energy suppliers' time-of-use tariffs
- Seamless integration with other Puredrive products
- Power Cut Mode
- Talks to Alexa

PURASystem™ SMART APP

EV CHARGING
- Charge your car with free solar energy
- Charge your car with the lowest-cost, cleanest grid energy
- Use any time-of-use tariff

Tuya Smart

WF10COM
Wi-Fi Smart Switch

- Wi-Fi smart in-line connector.
- Daily/weekly time function.
- Countdown or Boost function.
- Manual Override.
- TuyaSmart App controlled.
- Google Home compatible (Google Assistant).
- Amazon Alexa compatible.

WF10COMIP
Wi-Fi 10A Smart switch IP55

- IP55 Enclosure with IP68 PG11 Cable Glands.
- Remote access via the Tuya Smart App.
- Captive Locknuts on Cable Glands.
- Google Assistant & Amazon Alexa Compatible.
- Gasket seal protection along the main body and enclousre lid.
- Runs on the Tuya Smart app, availible on iOS and adrioid platforms (subject to software requirements).

FSTWIFITU
Wi-Fi Controlled Fused Spur

- Remote controlled from your phone via Wi-Fi and a data connection.
- Can reduce running costs if unwanted programmes are cancelled.
- Supports multiple devices.
- Supports multiple users.
- Permanent ON, Permanent OFF, Boost/Countdown Modes.
- Positive ON/OFF status, with colour coded LED indicators.
- Automatic summer/winter changeover.

WEATHERSAFE®
IP66 RATING

FSTWIFITUTGV
Wi-Fi Smart IP66
Fused Spur Timeswitch

- Remote controlled from your phone via Wi-Fi and a data connection.
- Can reduce running costs if unwanted programmes are cancelled.
- Supports multiple devices.
- Supports multiple users.
- Permanent ON, Permanent OFF, Boost/Countdown Modes.
- Positive ON/OFF status, with colour coded LED indicators.
- Automatic summer/winter changeover.

WFPIRWH & WFPIRB
Wi-Fi Smart PIR Sensor
Also available in black

- Adjustible time delay settings in app or offline.
- LUX (light level) adjustment – Day to Night.
- Manual ON/OFF switching override.
- IP55 weatherproof rating.
- Simple and quick to fit terminal block connectors.
- Continues to work offline with loss of a Wi-Fi connection.
- Learn option for custom lux level activation.

LEDPROCAM
Dedicated LEDPRO Wi-Fi PIR Camera

- Compatible with all existing LEDPRO Floodlights, no extra wiring required.
- Local and Cloud storage options available.
- Adjustable PIR sensitivity and time delay.
- Google Assistant & Amazon Alexa compatible.
- Play & Play terminal connection.
- IP55 rated (when fitted to a LEDPRO floodlight).
- 1080P camera with 270˚field of view.

LED200WFB
2x 10W LED Wi-Fi PIR Twin Floodlight

- Hi-Lo dimming. Floodlight remains on at a dimmed level and illuminates to full brightness when PIR detects movement. Reverts back to dimmed level when detected movement ends. Permanent On & Off modes via app.
- Remote adjustments for the lux, time delay, Hi-Lo dimming, brightness, motion and colour temperature settings direct from the Tuya Smart App.
- Indirect Load Activation: Other compatible Tuya Smart devices can be triggered when the PIR picks up someone in the detection area.
- Simple, snap in wall plate with fast-fix pin terminal block for quick and easy installation.
- Independent Pan & Tilt light aiming adjustment.
- Sleek cooling fin design to prevent intense heat build-up.
