FOR ALL YOUR
WATER TREATMENT
NEEDS

UK's NO.1 Water heating brand

Velis Evo Wi-Fi

Electric storage water heater

The first smart water heater with record-breaking reheat times

- / Available in 45L and 80L versions
- / Innovative Wi-Fi connectivity for remote smartphone control (optional)
- / Ultra slim with only 27cm depth
- / Twin tank for up to 16% more hot water and fast reheat times
- / Anti-legionella and ABS safety system for absolute peace of mind

Aures Multi

Electric instantaneous water heater

A compact powerhouse suitable for bathrooms, kitchens and annexes

- / 9.5kW multi-point model with stepped power regulation
- / Flow sensor system initiates water heating when tap is opened
- / Suitable for installation in narrow spaces such as undersink cupboards
- / Premium Italian design

Pro1 Eco

Electric storage water heater

The robust alternative to hot water cylinders in domestic and light commercial applications

- / 3kW model
- / WaterPlus technology for more hot water availability
- / T-MAX function to meet unexpected hot water needs
- / Reduce energy bills by 14% with "Eco Evo" function
- / Titanshield enamelling and magnesium anode for maximum tank protection

High-quality water heating

Highly efficient water heaters for every application

Home of the UK's market-leading small electric water heater

Andris Lux

- Fast reheat times (as quick as 12 minutes)
- Easy installation in 10 steps
- Modern & compact design
- Front-facing temperature dial for ease of operation
- Overheat cut-out protection
- 'E' setting for comfort and eco-friendly use

BAXI CYLINDERS

Baxi cylinders are designed and manufactured in the UK by the Megaflo and Heatrae Sadia hot water storage experts at Baxi to the very highest quality and specifications. They will give you invigorating showers, fast-filling baths and plenty of hot water, whenever you need it.

- 50mm thick cylinder insulation to keep your water hotter for longer
- High grade duplex stainless steel for strength and quality
- Saving space on installation
- 76 litres per minute of hot water for quick-filling baths and powerful showers

Water heating from Elson

Boiling Water Dispenser

EBW25

- 2.5kW
- 2.5 litre capacity
- 14 cups (167ml) at one time
- Instant boiling water
- Quick & easy installation
- H445xW290xD190mm

Instantaneous Handwash

EHW3

- 3kW
- Slimline design
- Combined on/off and temperature control
- Neon 'Power On' indicator
- Pre-set safety cut-out
- Instant hot water
- Swivel 200mm outlet
- Quick & easy installation
- H235xW151xD87mm

Unvented Water Heater

EUV10 / EUV15

- 2.2kW
- 10 & 15 litre options
- Expansion relief valve
- Expansion vessel may be required
- Connected to mains water supply giving full mains pressure
- Quick & easy installation
- H415xW265xD264mm (EUV10)
- H445xW295xD296mm (EUV15)
- Both capacities ErP C rated

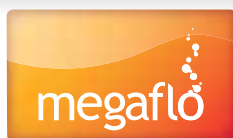

Oversink Vented Water Storage

EOS7

- 3kW
- 7 litre capacity
- 10-70°C adjustable thermostat
- Instant hot water
- Swivel 300mm outlet
- Quick & easy installation
- H356xW240xD240mm

BY **HEATRAE SADIA**

- Up to 76 litres per minute of hot water at 3 bar pressure for outstanding hot water performance without the need for shower pumps or tanks, even at low pressures
- Insulated T and P valve and 60mm of CFC/HCFC-free injected foam for the best possible heat retention and energy efficiency
- Made with high grade duplex stainless steel, has high resistance to corrosion and a high strength to weight ratio
- Internal floating baffle expansion system to save space and installation time
- High performance 'coil-in-coil' heat exchanger in indirect models for exceptionally fast recovery times
- Robust and safe handle

OUTSTANDING PERFORMANCE. OPTIMAL COMFORT.

INSTATAP UNDER COUNTER BOILERS

InstaTap under counter boilers

- Two finishes and height options to support a range of drinking glasses and bottles.
- A range of capacities from 10 to 50 litres to suit any environment.
- Enhanced hygiene thanks to SteriTouch® antimicrobial additive on the touchpad which reduces 99.99% of bacteria.
- Easy-to-use push and hold illuminating button dispense.
- A smooth water flow to minimise spluttering and steam.
- An option is available to serve up to 3 drinks simultaneously.
- Two pour options - free flow and measured dispense - to speed up serving time.

IMMERSION HEATERS

Santon is a leading manufacturer of industrial immersion heaters. It supplies elements for use in commercial and industrial environments covering the heating of water, oil and other solutions. Whatever the application, Santon is able to provide the answer.

WATER

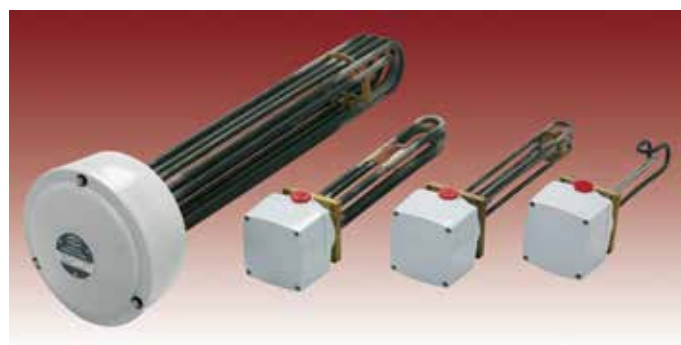

Two element sheath materials are supplied to cater for all water conditions – Superloy and Titanium.

All industrial Immersion Heaters are covered by a full 12 month guarantee. These heaters are supplied with a factory fitted stem type thermostat.

OILS

Great care needs to be taken when selecting an immersion heater for oil and full details on the oil type, viscosity, etc. should be obtained from the oil manufacturer.

Advice should be sought as to the most suitable watts density output rating permissible with the oil.

The simple and cost-effective instant hot water solution for your project

Use up to 85% less energy than stored hot water

Our energy efficient water heaters provide instantaneous and unlimited hot water, with a range of products to suit every requirement. They regulate power consumption electronically, depend on supply water temperature, pressure and flow rate, to maintain set temperature.

Zip InLine ES

Zip InLine ES

Instant hot water for a handwash basin.

Zip InLine CEX

Instant hot water for 2 handwash basins or kitchen sink, install over or under sink.

Zip InLine DEX12NEXT / DCXNEXT

Single or multiple handwash basins, showers or studio apartment.

DCXNEXT

DEX12NEXT

Zip Aquapoint 4

Unvented water heater for single or multiple outlets.
